Problem – Solution Fit Framework:

Achieving Problem-Solution Fit involves linking a proposed remedy to specific validated user pain points and behavioral habits. This process guarantees that ShopEz development efforts effectively mitigate user obstacles within the contemporary e-commerce landscape.

- ☐ Address intricate retail bottlenecks for multiple user types.
- ☐ Leverage standard MERN workflows to boost user adoption.
- ☐ Align software strategy with practical, user-driven needs.
- ☐ Establish reliability through secure transactions and tracking.
- ☐ Modernize the e-commerce journey for the target demographics.
